

RAISE MORE WITH FACEBOOK FUNDRAISER!

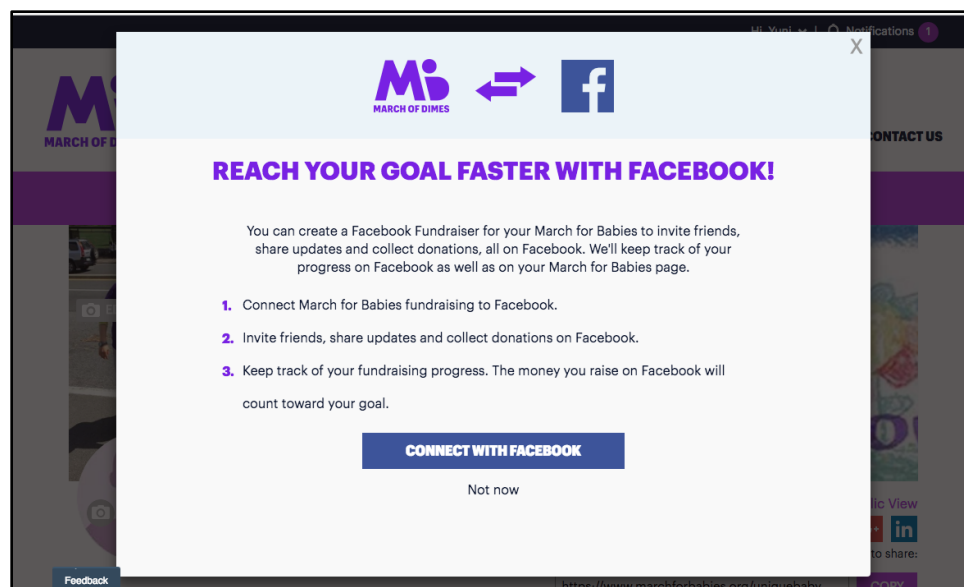

March for Babies participants can use a Facebook fundraising integration page called Facebook Fundraiser to collect donations to fuel their fundraising efforts. March for Babies participants will be able to create a Facebook Fundraiser page directly from within their [marchforbabies.org](https://www.marchforbabies.org) personal dashboard.

STEPS:

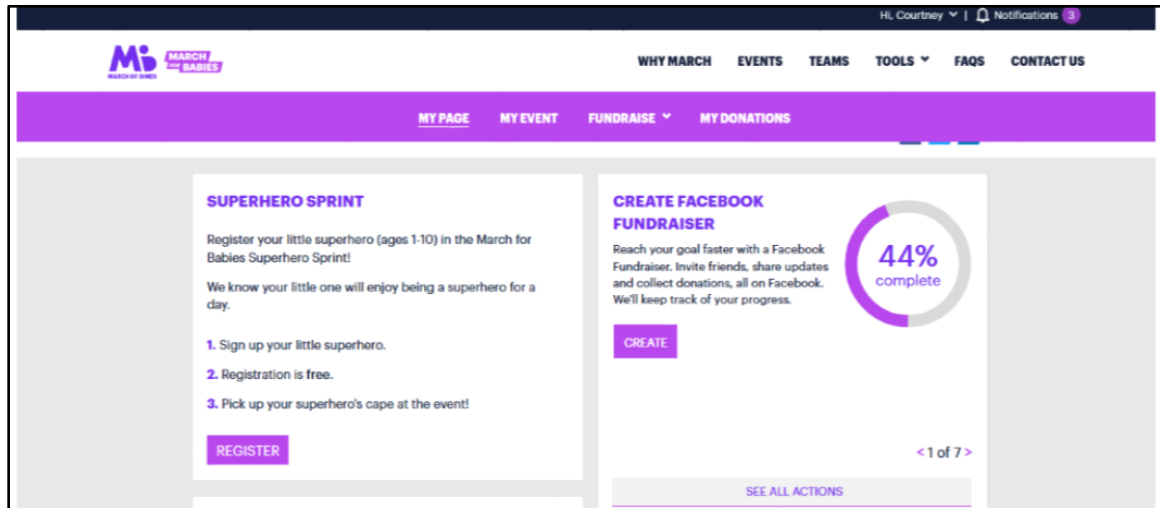

1. Sign in (Sign up of course if you didn't sign up yet) by clicking "Sign in" on the top right on <https://www.marchforbabies.org>

A screenshot of a web browser showing the March for Babies login page. The browser's address bar displays "March of Dimes Foundation [US] | https://www.marchforbabies.org/Account/Enter". The page features the March of Dimes and March for Babies logos at the top. Below the logos, the text "GET STARTED" is prominently displayed. Underneath, it says "Enter your email address or use your social account to get started". There is a text input field labeled "Email address". Below the input field is a large purple button labeled "GET STARTED". Below this button, the word "OR" is centered. At the bottom, there are two buttons: "Sign in with Facebook" (with a Facebook logo) and "Sign in with Google" (with a Google logo).

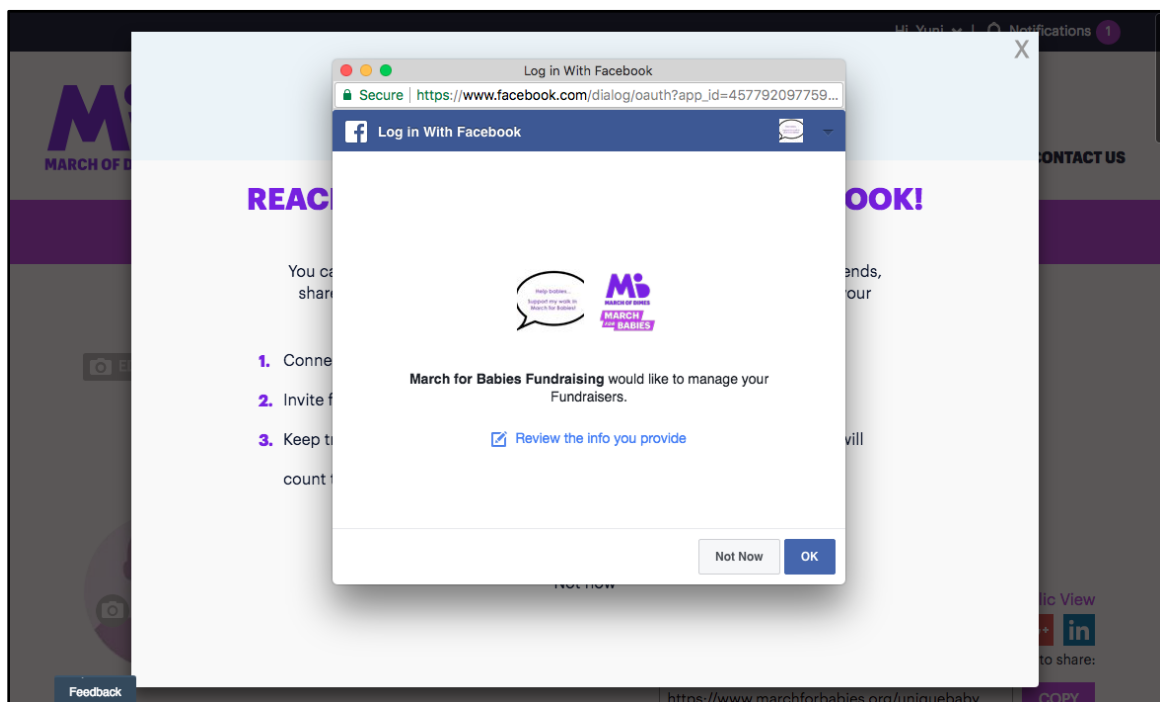

2. You will get a pop up regarding Facebook Fundraiser.

A screenshot of a pop-up window titled "REACH YOUR GOAL FASTER WITH FACEBOOK!". The window has a light blue header with the March of Dimes logo, a double-headed arrow, and the Facebook logo. The main text reads: "You can create a Facebook Fundraiser for your March for Babies to invite friends, share updates and collect donations, all on Facebook. We'll keep track of your progress on Facebook as well as on your March for Babies page." Below this, there is a numbered list of three steps: 1. Connect March for Babies fundraising to Facebook. 2. Invite friends, share updates and collect donations on Facebook. 3. Keep track of your fundraising progress. The money you raise on Facebook will count toward your goal. At the bottom of the pop-up is a blue button labeled "CONNECT WITH FACEBOOK" and a link "Not now". The background of the page shows a blurred view of the March for Babies website.

2-2. If you don't take action from this pop up, you'll have a chance to do it later.

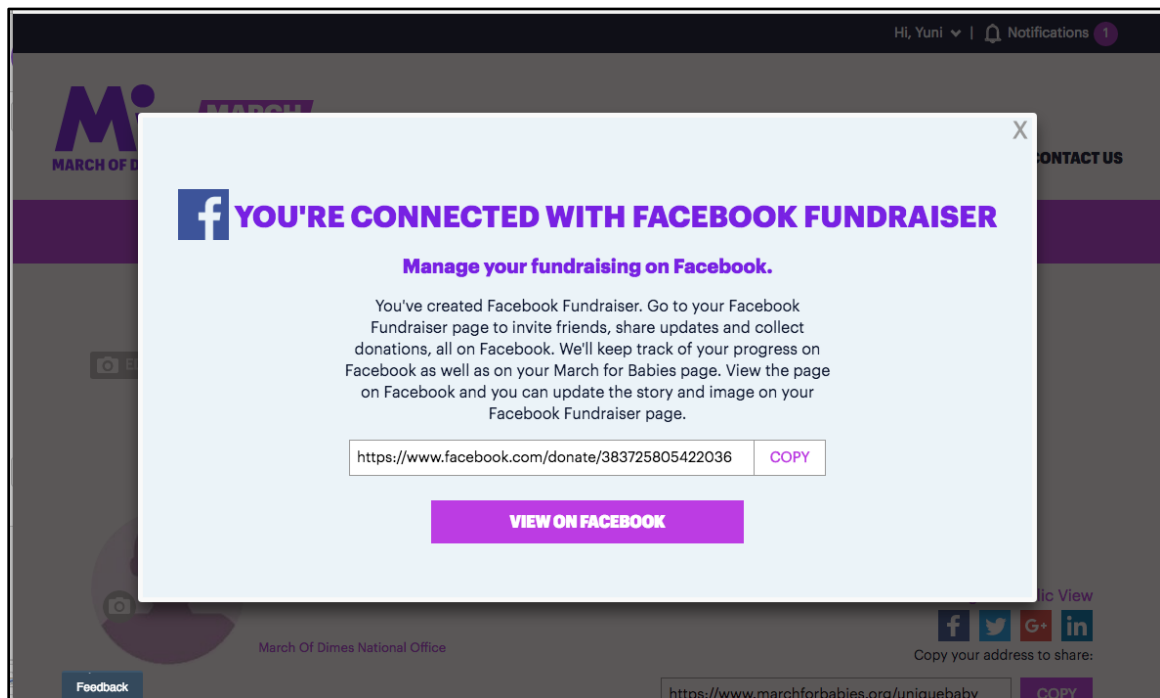

3. Click “CONNECT WITH FACEBOOK” button, it will then ask to log into your Facebook, if you are already signed in no need to sign in again. It will then have a permission pop up window from Facebook side. Click OK, otherwise it will not connect.

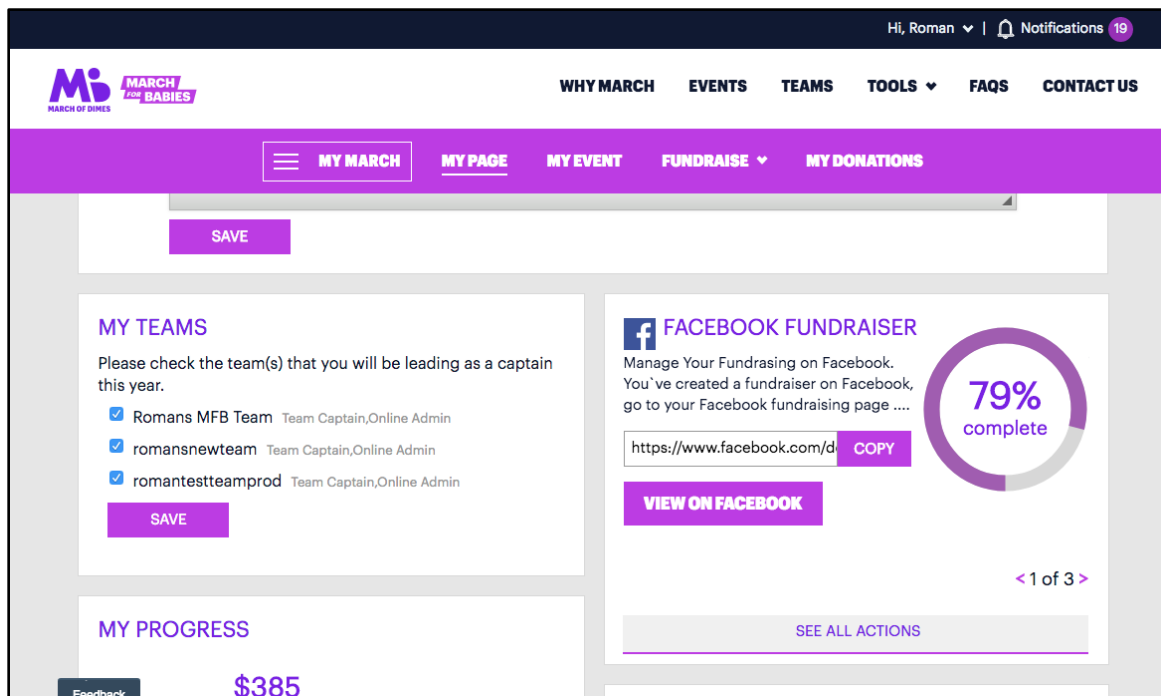

4. Now Facebook Fundraiser page is created on facebook.com. Your [marchforbabies.org](https://www.marchforbabies.org) fundraising and Facebook Fundraiser are connected. You can view the fundraising progress on Facebook. Click on “View on Facebook”

or copy the URL.

4-2. Once you close this pop up, you can still access the information.

5. On your Facebook Fundraiser page, you can customize the photo and story.

DONATIONS:

You will be notified on Facebook when you receive a donation as well as marchforbabies.org when you sign in where you can see your list of donations. On Facebook, you will see the name of your Facebook friend who donated, however, it will say “Facebook donor” on marchforbabies.org site.
