## Join the March!

March for Babies is March of Dimes annual fundraising event. More than 1500 people from the Quad Cities join together to fundraise and walk to honor, celebrate and remember the babies in their lives. Anyone and everyone can participate. March for Babies is the place to connect with members of our community who care about the health of all moms and babies. This is a family fun 3.25 mile walk for all ages with no registration fee to participate. Kids can enjoy the HERO run and a Family Fun Zone complete with games, face painters, balloon animals, and a bounce house!

March with us and together we will make a statement that we want to live in a world in which healthy moms and strong babies are a priority.
