March for Babies is the March of Dimes biggest fundraiser and America's favorite walking event. Money raised for babies supports the March of Dimes mission to give every baby a healthy start. It is used to fund important research and community programs that help moms have full-term pregnancies and babies begin healthy lives.

#### WHY:

Thousands of companies, schools, and organizations get involved in March for Babies in their communities and show they care about moms and babies. And rallying behind a common cause is a great team-building experience.

Funds raised enable the March of Dimes to continue its fight to save babies because every week in Georgia:

**353 babies are born preterm,**

**248 babies are born low birth weight, under 5.5lbs**

**20 babies die before their 1st birthday**

**Millions of babies and children do not have health insurance**  
**The United States has a higher infant mortality rate than 25 other countries**
